

# Can I Get My Money Back from Skyscanner?

When people book flights online +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, one of the most common questions they ask is whether they can get their money back if something goes wrong. Since Skyscanner is one of the most popular flight search platforms in the world +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, many travelers assume it also handles bookings and refunds directly. However +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, the reality is a bit different. Understanding how Skyscanner works is the key to knowing whether you can get your money back and what steps you need to take if you want a refund.

Skyscanner is not an airline or travel agency. It is a travel search engine that compares flight prices from different airlines and third-party booking sites. This means that when you find a flight on Skyscanner and click to book it +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, you are redirected to another company to complete your purchase. That company could be an airline or an online travel agency. Because of this structure +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, Skyscanner itself does not handle payments +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, tickets +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, or refunds. This distinction is extremely important for travelers who are trying to recover money after cancellations or changes.

If you are wondering whether you can get your money back from Skyscanner +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, the short answer is that refunds do not come from Skyscanner. Instead +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, they depend entirely on the airline or travel agency you used to make the booking. Skyscanner simply helps you find the best available prices +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, but it does not control booking policies or payment processing. So +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, when a refund request arises +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, you must deal directly with the provider who issued your ticket.

To understand this better +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, it helps to look at how the booking process works. When you search for a flight on Skyscanner +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, you see a list of options from different airlines and travel agencies. Once you select an option +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, you are redirected to that provider's website. From there +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, you complete your booking +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, enter payment details, and receive a confirmation email. At this point +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, your contract is no longer with Skyscanner. It is with the airline or the third-party booking site. This is why Skyscanner cannot process refunds, even though you used their platform to find the ticket.

If you want to get your money back +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, the first thing you need to do is identify who you actually paid. This information is usually found in your booking confirmation email. If the ticket was purchased directly from an airline +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, then the airline's refund policy applies. If it was purchased from a third-party travel agency +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK},

{UK}, then that agency controls the refund process. Some agencies have strict cancellation rules +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, while others may allow partial refunds or credits for future travel.

Another important factor is the type of ticket you purchased. Airlines offer different fare classes +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, and not all of them are refundable. For example +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, economy basic fares are usually the cheapest but often come with strict restrictions. These tickets may be non-refundable or may only allow changes with a fee. On the other hand +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, flexible or refundable tickets typically allow cancellations with full or partial refunds. So even if you booked through a legitimate provider +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, your ability to get money back depends on the fare rules you agreed to at the time of purchase.

Timing also plays a major role in refund eligibility. Many airlines offer a 24-hour cancellation policy +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, especially for flights departing from or arriving in the United States. If you cancel within this window +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, you may be eligible for a full refund regardless of fare type. However +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, after this period +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, refund rules become stricter and are based on the ticket conditions. If your flight is close to departure or already flown +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, chances of getting a refund become very limited unless there is a special circumstance such as flight cancellation by the airline.

In some cases +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, travelers mistakenly believe they have booked through Skyscanner and try to contact Skyscanner for refunds. This often leads to confusion and delays. Since Skyscanner does not handle bookings +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, they cannot access your reservation or process any payment reversal. The best approach is always to contact the airline or booking agency directly and provide your booking reference number. This helps speed up the process and ensures your request reaches the right company.

There are also situations where refunds are automatically triggered. If the airline cancels your flight or makes significant schedule changes +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, you are usually entitled to a refund or alternative travel options. These policies are governed by airline regulations and consumer protection laws +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, especially in the United States. In such cases +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, even non-refundable tickets may qualify for reimbursement. However +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, the refund still comes from the airline or booking provider +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, not Skyscanner.

If you used a third-party travel agency found through Skyscanner +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, the refund process may take longer. Some agencies act as intermediaries between you and the airline +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, which can slow down communication. In such cases +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, patience is important +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}.

{UK}, but persistence is equally necessary. Always follow up with both the agency and the airline to ensure your request is being processed.

Payment method can also influence how you receive your money back. If you paid by credit card +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, you may have additional protection through your bank. In cases where the travel provider refuses a legitimate refund, you may be able to file a chargeback request. This allows your bank to investigate the transaction and potentially reverse it. However +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, chargebacks should only be used after you have tried resolving the issue directly with the provider.

It is also worth noting that Skyscanner offers a level of protection by only partnering with verified travel providers. However +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, this does not guarantee refund flexibility. Each provider still sets their own policies. This means that two identical flights shown on Skyscanner may have completely different refund rules depending on where you book them.

Travel insurance is another important consideration. If you purchased insurance along with your flight +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, you may be able to claim a refund under certain conditions such as illness +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, emergencies +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, or travel disruptions. Insurance policies vary widely +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, so it is important to read the terms carefully. In many cases +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, insurance can help recover money that would otherwise be lost due to non-refundable tickets.

Ultimately +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, whether you can get your money back from Skyscanner depends entirely on who issued your ticket and what fare rules you agreed to. Skyscanner itself does not hold your money or control your booking. It is only a search platform that connects you to airlines and travel agencies.

Understanding this system can help you avoid frustration in the future. Before booking a flight +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, always check refund policies +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, cancellation terms +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, and fare conditions carefully. A cheaper ticket is not always better if it comes with strict no-refund rules. Taking a few extra minutes to review the details can save you a lot of money and stress later.

In conclusion +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, you cannot get a refund directly from Skyscanner because they are not the seller of the ticket. All refund requests must go through the airline or travel agency where you completed your booking. Your eligibility for a refund depends on the ticket type +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, timing of cancellation +1 (877) 407-0186 (US) +44 (800) 208 8921 {UK}, and the provider's policies. Being informed before you book is the best way to protect your money and ensure a smoother travel experience.
